

TAKE IT EASY WITH EMBLEM®

EASY LAMINATING:

bambino

The EMBLEM EASYLAM bambino is a resourceful small format cold laminator for easy lamination and sealing in a max. width of 780 mm and material thickness of max. 6mm.

To activate the lamination process you can use the foot-pedal or the switch that is integrated in the handle.

The laminator is in one piece plus stand and is ready to start, no extra installation required. The foolproof technique is working trouble free even for absolute beginners.

The low-budget bambino grants all expectations of a cold laminator. Further it is convenient in the professional handling of application paper and films.

EMBLEM EASYLAM bambino, along with the corresponding and optimised EMBLEM cold lamination films, is a reliable professional laminating system when small numbers of pieces are produced (Advertising studios, printing offices, copy centres, etc.).

Due to its universality and cost efficiency it is the perfect laminator for a small business and the professional studio.
